Passionate about Manufacturing and Product

The passion for manufacturing, design, and product is our essence, deeply rooted in our history and reflected in every creation. We are loyal to an industrial tradition that we have embraced for over 100 years.

WE DESIGN PUBLIC SPACES WITH A 360° VISION

At Benito Urban, we approach every category of public space — from covers and grates to lighting and playground equipment — with specialized teams that ensure results worthy of any project. Each range we offer is a key piece in this urban machinery, designed so our clients achieve more results with fewer worries, reduced stress, and shorter waiting times, creating a calmer experience for the client.

BRC Design, an integral part of Benito's structure, is a collective of designers dedicated to conceptualization in the field of lighting and urban furniture. They stand out for their innovative, sustainable approach, committed to improving urban lifestyles.

Using eco-conscious practices and sustainable materials, BRC Design combines functionality with sophisticated aesthetics, transforming urban spaces and shaping a greener, more livable future, in harmony with Benito's global vision.
